

Black Hills electric Cooperative, Inc. Rate Schedule

ELECTRIC HEAT

Rate Code X24 & X25

(Single and Multi-Phase)

AVAILABLE

Available to farms, residential, schools, churches, small and large commercial and public buildings. Eligible accounts must have a permanently wired electric heating system installed in the building. The heating system must be capable of heating the entire premises. Only 240-volt room heating systems qualify for this rate. Accounts with solar, wind or other self-generation are not eligible for the heat rate because self-generated electricity used for heat cannot be distinguished from cooperative power used for heat. All other usage at the service shall be on the applicable Rate Schedule.

Service will be provided by the Cooperative at available secondary voltages. This rate will be subject to all Bylaws, Policies, Rules and Regulations of the Cooperative.

At points on the cooperative's existing secondary distribution lines supplied within Fall River, Custer, Pennington, Lawrence, Meade, and Shannon Counties of South Dakota.

APPLICABLE

Applicable to separately-metered electric heat use from October 1 through April 30.

NET MONTHLY RATE

Electric Heat Energy	6.9¢ per kWh for single phase services with separately-metered heat and on-peak demand less than 35 kW that are not on a demand rate
Electric Heat Energy	5.2¢ per kWh for single phase services with a demand controller on the demand rate
Electric Heat Energy	6.5¢ per kWh for multi-phase services on the demand rate

MINIMUM CHARGE

The minimum monthly charge shall be the equivalent of 500kWh. The minimum charge may be waived for months with system-wide low heat usage at the discretion of the general manager. No minimum charge will be applied to single phase demand controller accounts.

PURCHASE POWER COSTS

The above rate may be increased or decreased by 0.1 mill per kilowatt-hour for each 0.1 mill by which the Cooperative's total average power cost per kilowatt hour sold exceeds or is less than

Black Hills electric Cooperative, Inc. Rate Schedule

Rate Code X24 & X25

(Single and Multi-Phase)

34 mills per kilowatt hour. The total average power cost is exclusive of adjustments and special rates.

TERMS OF PAYMENT

The above rates are net, the gross rates being five percent (5%) higher. In the event the current monthly bill is not paid within fifteen (15) days from the date of the bill, the gross rates shall apply.

The monthly bill is due and payable per Board Policy No. 402 - Payment of Electric Bills, as amended from time to time by the Board of Directors of Black Hills Electric Cooperative, Inc.

TAX ADJUSTMENT

Bills computed under the above rates include taxes levied under SDCL 10-36. The bills will be increased by the applicable proportionate part of any other assessment or charge imposed or levied by any governmental authority as a result of laws or ordinances enacted, which is assessed or levied on the basis of revenue for electric energy or service sold, and/or the volume of energy generated and sold.
